

Circle of Security: Building & Understanding Relationships

FREE registration by Thu 2/1 : <http://tinyurl.com/circle-feb4>

The Circle of Security workshop is designed to offer direction and clarity in understanding the dynamics of early relationships and their critical importance.

- Better understand “challenging” behaviors and where they come from
- Learn to read a child’s cues with more skill, helping to address a need and prevent power struggles or challenging behavior
- Explore your own understanding, triggers, and biases when it comes to relating to your own children or children in your care
- Gain confidence in understanding where your child or children in your care are on the “circle” and what you can do to support their needs for exploration and comfort
